## PREFACE

Dear Students,

In this activity book, there are activities at various levels and structures that will allow you to use the knowledge and skills you have gained during the teaching processes. With these activities, you will have the opportunity to both revise the subjects you have studied at school and monitor your academic progress. The activities in this activity book prepared for this purpose were structured to include cognitive domain steps.

In the activity book, besides gap filling, matching, multiple-choice, open-ended, short-answer item type activities, there are some other activities which allow you to have a pleasant time with content such as crossword, wordsearch puzzles, skill-based activity, structured grid, and fun time activities. Also, in the "Do I remember?" section, you will be able to self-evaluate academically and you will have the opportunity to revise the missing topics through the data matrix.

We aim to contribute to your academic development with this activity book, which has been meticulously prepared by experts in the field. Hope to see the positive reflections of this study in your education life.

Subject: What are we doing now?

Hi Lena, I am writing this email next to the window in my bedroom. The weather is great here because it is springtime. The birds are singing and flying in the sky. My mother is milking the cows, and my father is feeding them now. I have a sister, Carol. She is collecting the eggs of the chickens in the barn. We have some sheep. They are eating grass in the field now. Everywhere is green with beautiful flowers here. I hope you can come here as soon as possible to have a great time together.

Love,

Jessica

## 1 Read the paragraph and do the exercises about the text.

### THE INSPIRING STORY OF ŞAHİKA ERCÜMEN

She's not just an athlete. She's a record-breaker and an inspiration to all of us. Who are we talking about? World freediving record holder, the Turkish national athlete Şahika Ercümen. Her success in sports and her passion for protecting nature makes her inspiring.

Şahika Ercümen is one of the best divers of our time. Şahika Ercümen was born on January 16, 1985, in Çanakkale. She is 1.64 meters tall. She is of medium height and medium weight. She has got blonde hair with hazel eyes. She is very popular with her helpful and ladylike personality. She can speak English and German. She graduated from the Department of Nutrition and Dietetics at Başkent University. She won championships in many branches of water sports after she started doing sports despite asthma in her childhood.

Şahika Ercümen is a record-holder freediver and underwater hockey player. She still holds the Turkish record in freediving. She brings championships to our country in Free Diving and Underwater Hockey every year, and Şahika Ercümen also continues her work as a Nutrition and Diet Specialist.

As well as being a worldwide diver, she wants to attract attention to public issues. She says, "I also want to draw attention to issues such as climate crisis, global warming, and gender equality." She attributes every world record she breaks to a social responsibility project. Her goal is to inspire people to promote and protect the lives in the sea. Ercümen's recommendations to protect nature are as follows: Reduce the use of plastic, switch to reusable straws, use flasks, participate in beach cleaning activities, and buy second-hand clothes.

At the moment, the national athlete is dealing with the projects related to diving with the disabled, protecting water and endangered species. She also gives seminars on topics such as proper breathing, success, and motivation. She inspires the youth to carry out many underwater social responsibility projects with her passion.
